

Obszar spadu – 3 mm (określa format brutto produktu, ze spadem)

The diagram illustrates the layout requirements for a document. It features three concentric rectangular frames: a blue outer frame, a red middle frame, and a green inner frame. The blue frame represents the total area including the bleed (spadu). The red frame represents the area including the crop line (cięcia). The green frame represents the inner margin (wewnętrzny margines). Three arrows on the left side point to the corresponding lines: the outermost arrow points to the blue frame, the middle arrow points to the red frame, and the innermost arrow points to the green frame. Text labels are provided for each line, explaining their purpose in terms of product format, crop, and margin.

Linia cięcia dokumentu (określa format/wielkość gotowego, obciętego produktu)

Margines wewnętrzny – 4 mm (obszar neutralny; unikać umieszczania istotnych elementów graficznych lub tekstowych; w tym obszarze zaprojektować elementy tła)
